REPLY

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the office action dated November 19, 2002, please amend the above-identified application as follows:

IN THE CLAIMS:

Please amend claim 1 as follows:

1. (Twice Amended) A process for reducing a fluorescence quenching caused by a measuring medium, in a fluorescence assay for an analyte using at least one fluorescent label, comprising introducing a fluorescent conjugate comprising an oligonucleotide bonded to a rare-earth metal cryptate into the measuring medium, thereby reducing the fluorescence quenching caused by the measuring medium.
